What is included

2. Select your date and time

The calendar shows the dates available for Studio Rental. Days that are blocked or unavailable appear dimmed or cannot be selected.

The screenshot displays a dark-themed booking interface. At the top right, it says "02 · SELECT DATE & TIME". Below this, on the left, is a label "DATE · FECHA". In the center, there is a light gray box with the text "Choose a date below / Elige una fecha abajo". Below this box is a calendar for "November 2026". The calendar has a grid of days from 26 to 30, with columns for M, T, W, T, F, S, and S. The days are numbered 26 through 30. Below the calendar grid, it says "Season: 11-01 - 01-05 · America/New_York · Studio time / Hora del estudio". At the bottom right, there is a box labeled "SELECTED STUDIO RENTAL · RENTA DE ESTUDIO SELECCIONADA".

3. Review your reservation

Before payment, confirm every detail. This is the best moment to correct a wrong service, date or starting time.

The screenshot shows a reservation review interface. At the top, a dark blue header bar contains a thumbnail image of a studio, the title '2 HOURS - STUDIO TIME', a detailed description of the package, and a summary of the booking: '2 hours / 2 horas · \$184.00'. Below this, a section titled 'SELECTED STUDIO RENTAL · RENTA DE ESTUDIO SELECCIONADA' displays the same title. A table below provides a financial breakdown: Total (\$184.00), Deposit Today (\$36.80), and Remaining Balance (\$147.20). A note indicates that the remaining balance can be paid later from the user's account. At the bottom, a blue button labeled 'NEXT · SIGUIENTE' is visible.
